

A MOMENT WITH...

Annalynne McCord

How much time do you spend in hair and makeup?

Hair was at my house at 8 this morning. I'm still on West Coast time, so that was like 5 a.m....

What did you have for breakfast?

I'll tell you when I eat it. My girlfriend and I are going to grab brunch now.

Are you planning on seeing anything besides fashion while you're here?

A show. Like, a show show. Like theater.

OVERHEARD...

"I went to high school with Alexander Wang. My friends all hated him. Now they're working in pizza parlors."

What's with the *Jungle Book* music?

I have a three-and-a-half-year-old son, so things like this are very prevalent in our house.

And the giant sparkly leopards?

We had them made especially for the show, got them passports, and shipped them over from England. Each one was hand-carved out of a solid block in West London.

And the dog sweaters?

I'm a bit fixated. I think it's because I really want a dog but I don't have one. Next season the dog on the runway will be my own. This was Matthew's, from KCD!

What do you do when you're not being a designer?

Hang out with my boys. They're six and nine. I haven't seen them for, like, a week.

Are they into fashion?

My son invited his third grade teacher to the show. He's totally working the angle for grades. I think they're proud of Mommy as long as I can deliver with the grades.

Would you ever do children's clothes?

Never. Sorry. It's hard enough doing women's wear; I don't even want to try getting into the mind of an eight-year-old. I have no aspirations.

How will you celebrate tonight?

Normally I end up at McDonald's with the family, but tonight I'm having a real party, so I won't have to lie about what I did after Fashion Week!

VICTORIA BECKHAM

You said these glasses for your show are nerdy. Really?

They're quite nerdy. I'm very nerdy.

Yeah, right. Love the corsetry!

We're not showing as much as usual, just enough to keep my customer happy.

What do you wear at home?

I dress like this. What are you talking about?

Surely you own sweats.

Of course, absolutely. I'm

running around after the kids! Jeans, old T-shirts...

Would you ever do a children's line?

I'd love to at some point, but right now it's about baby steps.

It's Berlin schoolboy-meets-velvet *du jour*. Very uptight Wall Street bankers mixed with the idea of gypsies. You know, nomads.
